

SECA Y-STRAINER

ISO 9001: 2000

MODEL: YV-204

TECHNICAL FEATURES:

SECA Y-Strainer has a wide range of application as a filtering equipment for various industrial pipe lines Strainers are necessary especially for reducing valves temperature regulating valves, solenoid valves and kinds of traps for operational security and management.

SPECIFICATIONS:

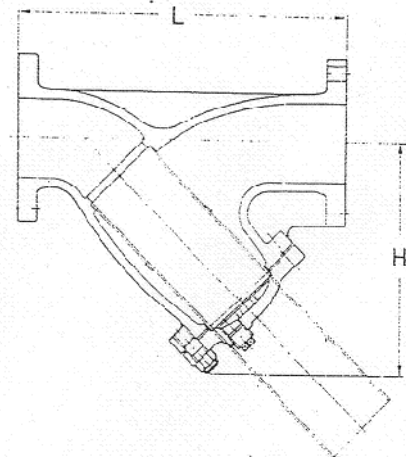

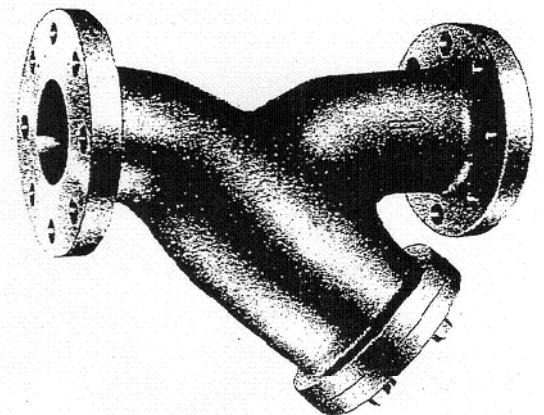

DESCRIPTION	MATERIAL
Body	Cast Iron
Cover	Cast Iron
Screen	Stainless Steel
Gasket	Non-Asbestos
Flange	JIS 10 K / ANSI / PN 10

DIMENSIONS:

SIZE	MM	DN	L	H
2"	50	50	250	168
2-1/2"	65	65	285	212
3"	80	80	315	242
4"	100	100	370	284
5"	125	125	420	325
6"	150	150	490	370
8"	200	200	570	440
10"	250	250	680	515
12"	300	300	800	600
14"	350	350	950	710
16"	400	400	1000	740

Standard Perforation : <DN50= 1mm. <DN100= 1.5mm.<DN250= 3mm

Option: 40 mesh up to 200 mesh with Stainless steel Perforated sheet.

200 Psi	Non-shock water	120 C
150 Psi	Water, oil, air,	120 C
100 Psi	Saturated Steam	
350 Psi	Hydrostatic shell test
